

2020 District Curriculum Accommodation Plan (DCAP)

One of the goals of the Blue Hills Regional Technical School is to provide each student with the opportunity to reach his/her highest academic potential. To this end, the Blue Hills' administration and faculty have developed a variety of methods to make the academic and technical curricula accessible to our students. The statute also encourages teacher collaboration and parent involvement.

The student body of Blue Hills encompasses a wide range of learning styles and ability levels. The school has an approximate enrollment of 860 students with 25% of these students being identified as requiring special education services. All students are required to pass the Massachusetts Comprehensive Assessment System testing in order to receive a high school diploma and Blue Hills' mission is to have every student earn a diploma. Students are offered many supportive services within the general curricula. Changes in Massachusetts Special Education Law require districts to implement Curriculum Accommodation Plans (CAP) to help ensure all efforts have been made to meet students' needs in *regular education*.

The principal, with the assistance of the administrator of special education, coordinates the delivery and supervision of special education services within Blue Hills Regional Technical School.

District Accommodation Plan, Chapter 71, Section 38Q1/2 (DCAP)

“A school district shall adopt and implement a curriculum accommodation plan to assist principals in ensuring that all efforts have been made to meet the students' needs in regular education. The plan shall be designed to assist the regular classroom teacher in analyzing and accommodating diverse learning styles of all children in the regular classroom and in providing appropriate services and support within the regular education programming, including, but not limited to, direct and systematic instruction in reading and provision of services to address the needs of children whose behavior may interfere with learning, or who do not qualify for special education services under chapter 71B. The curriculum accommodation plan shall include provisions encouraging teacher mentoring and collaboration and parental involvement.”

School Council and District Accommodation Plan, Ch. 71 Section C 59C Amended Language

The school council, including the school principal, shall meet regularly and shall assist in the identification of the educational needs of all students attending the school, shall make recommendations to the principal for the development,

implementation and assessment of the Curriculum Accommodation Plan required pursuant to Section 38Q1/2, shall assist in the review of the annual school budget and in the formulation of a School Improvement Plan.
